

DIAMOND BLADES - DRY CUT

• DIAMOND BLADES WITHOUT NEED OF WATER FOR COOLING.

EAC

PORCELAIN TILES J-SLOT DIAMOND BLADE (CPJ)

- For cutting hard porcelain tiles with the best performance.
- Specially recommended for straight cuts and high speed cutting.
- Not for miter.
- Thanks to J-Slot typology, this disc increases cutting speed on very hard porcelain tiles, while reducing the stresses generated through out the cut.
- It's original design is for dry cutting, but also allows wet cutting.

EAC

MARBLE ELECTROPLATED DIAMOND BLADE (EMG)

- Recommended electroplated diamond blade to cut marble, limestone and fibers.
- Less vibration. To cut those materials with high risk of breaking, as marble and fibers.
- Only for straight cuts, not suitable for mitering.
