

Gel Duplex knee pads

CE

- Professional knee pads with ergonomic design. Highly comfortable.
- Their design combines the use of hard materials to protect against impacts and uneven floors and soft materials adaptable to the user's anatomy on the inside.
- Besides protecting the user's knees thanks to the silicone gel in their inside, their studied ergonomics gives them great stability, preventing ligaments and tendons fatigue.
- Wide range of uses thanks to their design "two in one":
- Can be used together with the external rubber protection of great stability and resistance.
- With the main body only, less bulky, which allows the knee to slide without problem over smooth surfaces.
- They incorporate a double fastener, inferior and superior, easy adjustable.
- Conforms to EN14404.
- Protection level: 1.
