

Grinder Pumps

STP-1500MG [STP-1500MG]

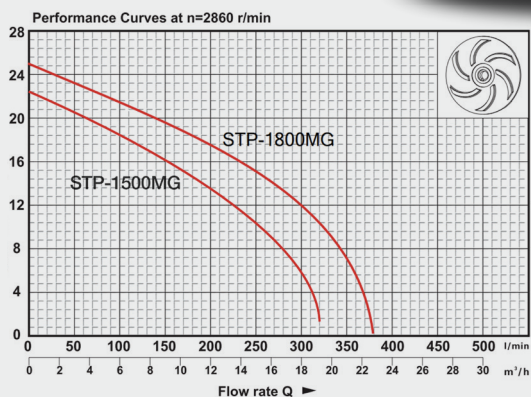

STP-1800MG [STP-1800MG]

Exceptionally strong grinder pumps constructed with a cast iron pump housing and a stainless steel motor housing.

Supplied in 230V, these pumps come with a float switch for start/stop functionality. The safety feature automatically engages again.

With the cutter function, this model is well-suited for sewage and pumping black wastewater.

The STP series is equipped with thermal protection that turns off the pump if it becomes too hot.

MODEL	STP-1500MG	STP-1800MG
Product no.	STP-1500MG	STP-1800MG
DB nr.	2389218	2389231
VVS nr.	391497715	391497718
Outlet size (inches)	2"	
Volts	230	
Hz	50	
Motor kW	1,1	1,8
Max. Lift height (m)	18	21,6
