WHETHER
YOU'RE A
PROFESSIONAL
OR A DIY
ENTHUSIAST...

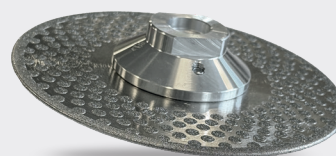

OUR DIAMOND
BLADES DELIVER
BOTH STABILITY
AND PRECISION!

STK-D-125-CG

The M14 version mounts directly onto the angle grinder and allows fast and easy blade changes – ideal for professional users switching frequently between cutting and grinding tasks.

STK-D-125-CG2

The flat design with 22.23 mm centre hole provides better access close to edges and corners – ideal for precision work and finishing.
